erNavigator **pro** for growing teams

Manage your labor and employee relations cases with ease and confidence.

pro is an affordable, easy to use, quick to implement cloud software solution that provides all the support you need to manage your cases online from start to finish.

With **pro** everything you need to manage your cases is available at your fingertips.

- ✔ Includes best practice processes compliant with local requirements.
- ✔ Guides you online to carry out all the required steps and tasks.
- ✔ Assists with decision-making.
- ✔ Monitors policy and legal compliance, consistency and fairness.
- ✔ Provides checklists, best practice guidance, training materials, handy tips, company policies and summaries of the law.
- ✔ Contains legally compliant forms and letters that are automatically pre-populated with case details.
- ✔ Generates meaningful reports and case information at the click of a button.
- ✔ and always directs you to comply with your own company

pro replaces all paper-based activities, which are traditionally disjointed, non-compliant and inconsistent.

- ✔ No more time or money wasted looking for advice and information.
- ✔ No more poor decisions due to limited labor and employee relations knowledge and experience.
- ✔ No more outdated paper-based processes or spreadsheets.
- ✔ No more missing case files and evidence.
